

PEEL & INSERT

Peel the wax sheet from the back of card. Place the card on the cork, lining up the corresponding holes. Place the blister sheet into the holes.

FILL

Fill each blister with the required medication.

FOLD & SEAL

Fold the sealing surface to cover the filled blister. Apply even pressure to seal the medication package, (a hand roller is recommended).

FINISHED

It's that easy!

31 Day Single Dose Blister Cards Assembly
